1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- > Provide a framework in which sensitive discussions can take place
- > Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- > Help pupils develop feelings of self-respect, confidence and empathy
- > Create a positive culture around issues of sexuality and relationships
- > Teach pupils the correct vocabulary to describe themselves and their bodies
- > Reinforce our school promises of ready, respectful and safe
- > Promote the spiritual, moral, cultural, mental and physical development of pupils
- > Prepare them for the challenges, opportunities, responsibilities and experiences of adult life.

2. Statutory requirements

As a primary academy school we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017.

In teaching RSE, we are required by our funding agreements to have regard to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act 1996</u>.

At Sylvester Primary Academy, we teach RSE as set out in this policy.

In teaching RSE, we must have regard to to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act 1996</u>.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

- 1. Review members of SLT pulled together all relevant information including relevant national and local guidance
- Staff consultation all school staff were given the opportunity to look at the policy and make recommendations
- 3. Parent/stakeholder consultation parents and any interested parties were consulted via the school newsletter, the school website, Class Dojo and social media platforms
- 4. Pupil consultation we investigated what exactly pupils want from their RSE
- 5. Ratification once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- > Preparing boys and girls for the changes that adolescence brings
- > How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Pupils may also receive stand-alone sex education sessions delivered by a trained health professional.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- > Families and people who care for me
- Caring friendships
- > Respectful relationships
- Online relationships
- > Being safe

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The governing body

The governing body will approve the RSE policy and hold the principal to account for its implementation.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the principal.

9. Training
